**Our Education System** 

If we view education as a **lifelong journey**, we will need to take a long term view of the decisions we make in educating our students

What do primary school students need to learn to become effective lifelong learners?

Learn for

Life

How can parents work alongside the school to nurture the lifelong learners in our students?

# WHAT DO OUR CHILDREN NEED TO THRIVE IN THE FUTURE?

STRONG FOUNDATION

#### For example:

- Literacy (Bilingualism)
- Numeracy
- Social-emotional core (passion, interest, selfagency)

21<sup>ST</sup> CENTURY COMPETENCIES

#### For example:

- Global awareness
- Creative & Inventive thinking
- Communication

#### VALUES

#### For example:

- Resilience (mindset & beliefs)
- Adaptability
- Sengkang Green's ICAR<sup>2</sup>E
   Values

#### Our Educational Philosophy

Every child has **unique talents and abilities** that need to be discovered and developed to full potential.

Every child **can learn** if a caring and conducive environment is provided to meet his / her needs.

### **School Mission**

To nurture
healthy and happy
individuals with
strength of character,
ready to serve,
ready for the future

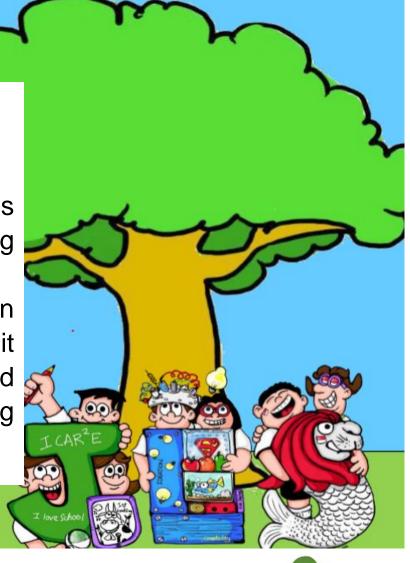

#### School's focus areas:

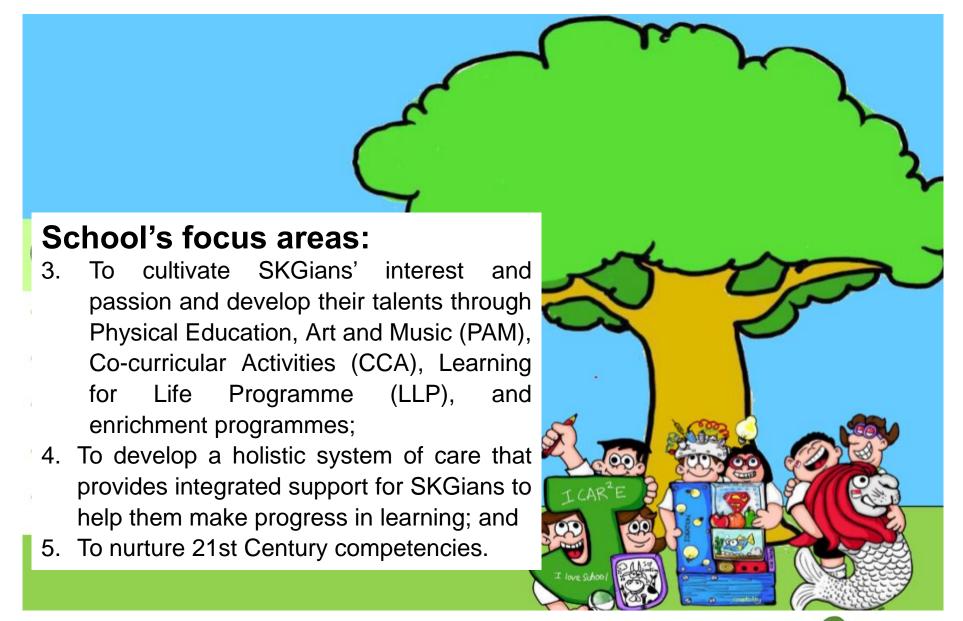

1. To instil sound values in SKGians and develop in them a strong character and citizenship;

2. To develop a strong foundation in the academic subjects and through it to achieve academic mastery and excellence to facilitate lifelong learning;

#### 10th Anniversary Logo

2023 is the 10<sup>th</sup> Anniversary of Sengkang Green Primary School. The logo design attests to how far we have come since the school started in 2013. We are proud that we have become a choice school in this neighbourhood, recognized for our culture of care and learning. Today, we are a vibrant school with exciting and engaging school programmes that nurture the interests and talents of our students.

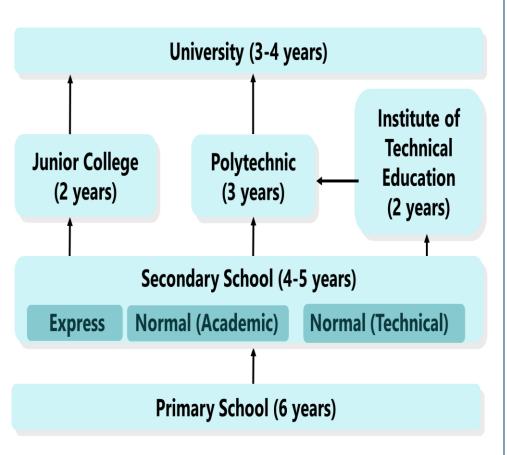

The theme "Becoming a Future-Ready Learner" is a call for SKGians to be equipped with the attitudes, skills, knowledge and dispositions necessary to thrive in a rapidly changing world.

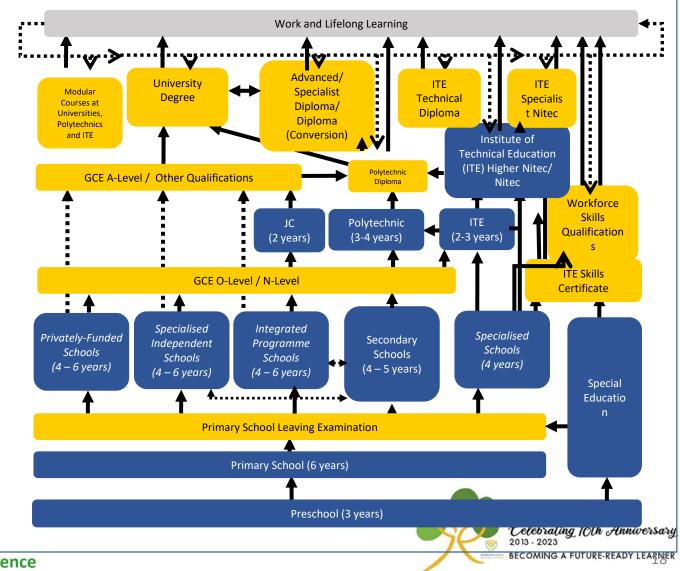

The logo depicts a grown Tembusu tree with its roots firmly anchored to the ground. This shows that values are an intricate part of who we are as SKGians. We hope that wherever our dreams and aspirations take us to in the future, we will always live by the iCAR<sup>2</sup>E values learnt at Sengkang Green Primary School.

The two orange figures in the logo represent a significant adult on the left and a SKGian on the right. It calls upon the commitment and concerted effort by all stakeholders to support SKGians to acquire future-ready skills, so that they are empowered to surmount the challenges posed by an ever-changing world. This would also entail having the right dispositions, growth mindset and resilience that will help us steer ahead confidently in the face of challenges.

### **Evolution of our Education Landscape**

## Parents as School's Key Partners

 Parents are important partners of the school in our endeavour to develop each student holistically to become a wholesome individual of good character, a responsible citizen, and a lifelong learner.

 The school looks forward to working closely with parents to enable the students to achieve their learning goals.
